Water Colour

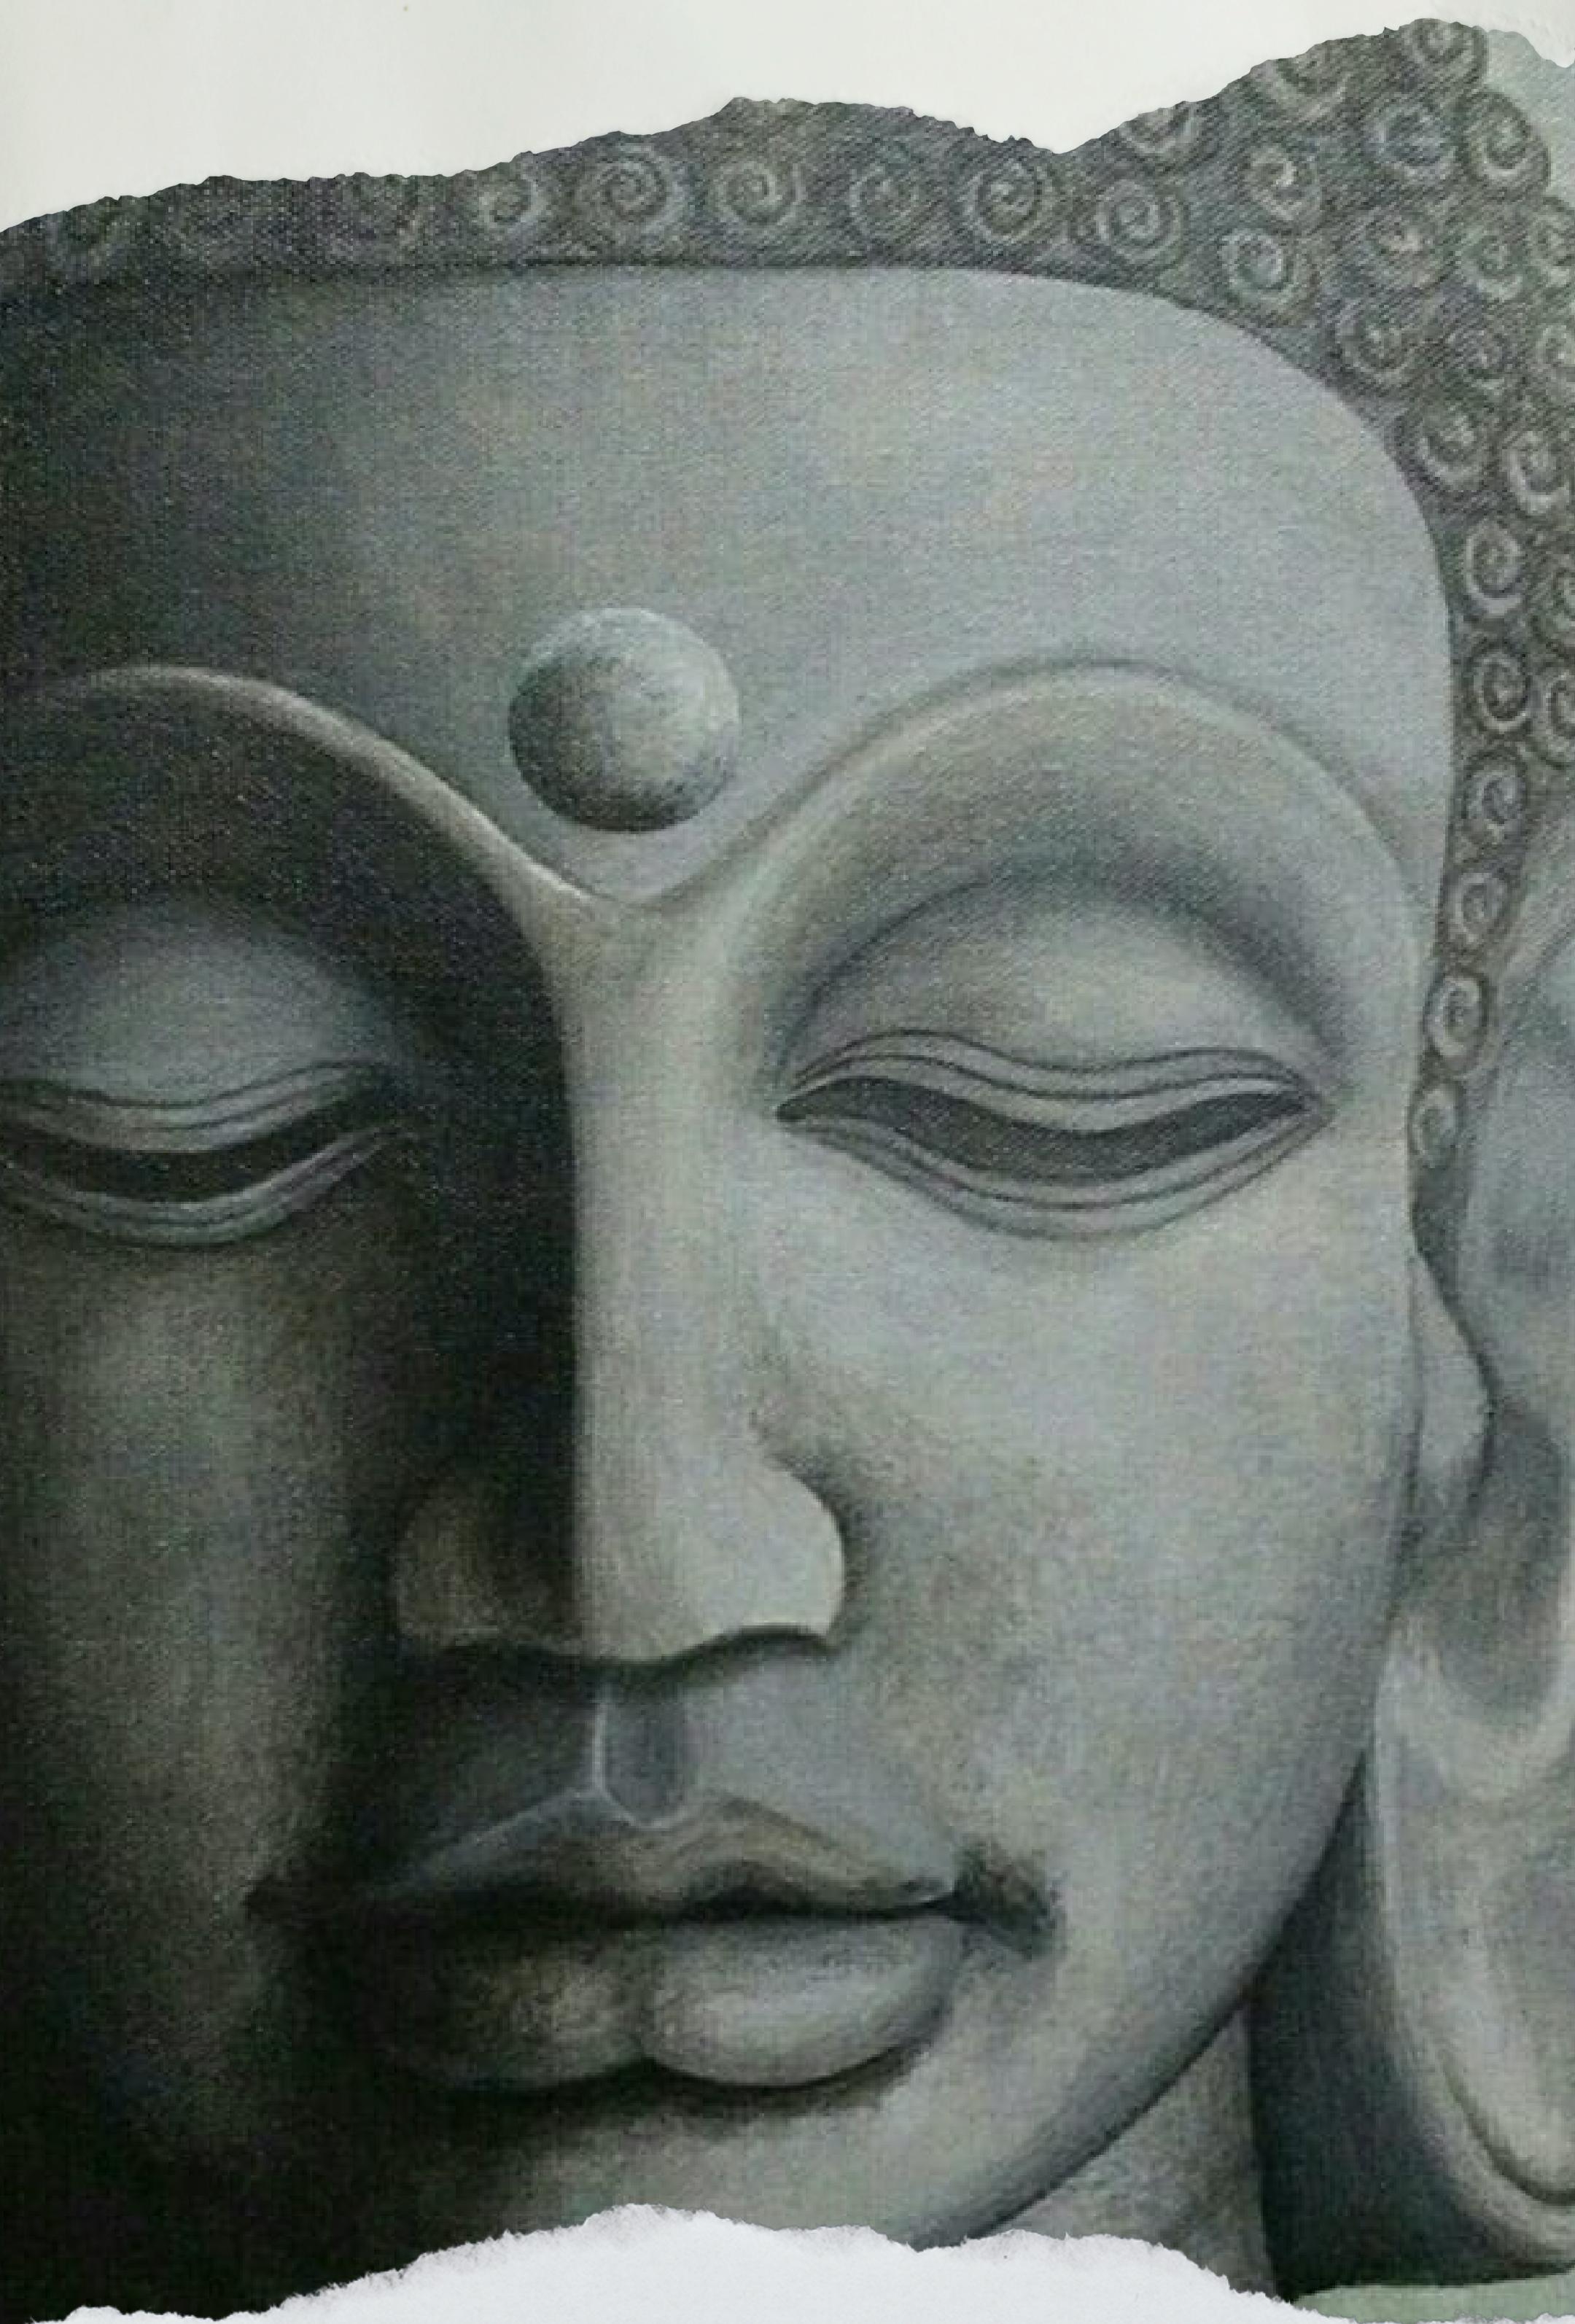

I have a master's degree that is not related to art

Painting is my hobby.

I am looking for part-time job.

All the paintings in this document are done by me

A close-up photograph of a toucan's head, painted in acrylic on canvas. The bird has a vibrant blue forehead and a large, hooked yellow beak. Its eye is black with a yellow ring around it. The feathers on its neck and chest are dark grey. Below the bird, there is a white torn paper effect.
